Education

King's College, University of London

(September 2013 – Summer 2016)

Computer Science (BSC) - Upper Second Class Honours

Modules:

Computer Systems

Elementary Logic & Applications

Artificial Intelligence

Programming Applications

Database Systems

Object Oriented Specification and Design

Software Measurement and Testing

Artificial Intelligence

Software Engineering of Internet Applications

Individual Software Project

Data Structures

Foundations of Computing

Practical Experiences of Programming

Programming Practice

Computer Science Logic

Software Engineering Group Projects

Internet Systems

Distributed Systems

Software Architecture and Design

Through the course of the degree I have gained an in depth grasp of the whole field of computer based information systems, I have gained experience in collaborating in team software engineering projects and working towards strict deadlines on custom-made applications in a wide variety of technologies.

To date, I have extensively explored Java, and through project work I have become familiar with, HTML, CSS, JavaScript and core principles in a wide array of topics. The backing the degree has given me has lead me to be able to pick up new languages and technologies with ease, as well as enhanced problem solving skills and critical thinking, has been vital.

Harrogate College

(September 2011 – June 2013)

BTEC Level 3 in IT - Extended Diploma Grade : DDD (Distinction x3)

Modules:

Communication and Employability Skills (IT Sector)
Impact of IT on Business
Information Systems
Computer Systems
IT Troubleshooting and Repair
Website Production
Human Computer Interaction
Software Design and Development

Systems Analysis and Design
E-Commerce
Networks
IT Technical Support
Database Design
Graphics
Multimedia Design
Game Design / Animation

Through the completion of these units I gained a wide array of core knowledge and understanding into the world of business and computing in general, and have developed a solid understanding of a variety of topics.

Level 3 Award – WorkSkills(QCF)

During this work and education oriented qualification I covered topics such as:

Critical Thinking
Academic Research Skills
Planning for Further Development

Harrogate High School

(September 2004 – June 2010)

8 GCSEs A-C Including Maths, English and IT

AS-levels: History – B English Literature – C General Studies -D Religious Studies - E

Employment History

Intern, Lime Digital

(June 2015 - September 2015)

Duties and Experiences:

During the summer of 2015 I undertook a short internship at a london based web/software design company. My duties during the internship were to operate a ticketed support system for a previously deployed piece of bespoke software using Zendesk and client-facing communication, assist in day to day customer facing administrative work, develop or extend, using HTML and CSS, front end interfaces and assist with server-side system management. I learned a great deal about the day to day running and considerations of a business and thoroughly enjoyed working in a dynamic, challenging space.

Shopfloor Assistant, Asda, Harrogate

(September 2010 – September 2013)

Duties and Experiences:

I worked in multiple departments through the store, and in multiple shift patterns. Often tasked with organising end-of and start-of day hand over of responsibility. Completed tasks within a changeable and dynamic working environment and responded to unexpected circumstances effectively. Provided excellent customer service. Worked and coordinated within a large team of staff.
